

eLearning

The Clinton Central School Corporation (CCSC) Board of Education recognizes the need to provide alternative means by which students may achieve classroom goals during lost instructional days due to inclement weather which may cause a cancelation of normal school instructional activities.

Therefore, eLearning activities may be utilized as an educational alternative for learning experiences or activities. These activities are designed to extend, enhance, supplement or serve as a substitute for onsite classroom instruction.

This document will provide guidelines for students and employees when eLearning Days are utilized.

eLearning Policies
