Dear:

The swim teams of Clinton Central are trying to get a facelift for our facility. The pool has been part of the Elementary since 1971. The pool and our swim programs help kids of all ages. They begin swimming in the 1st grade and go all the way through the High School. We have a Varsity Swim Team, Jr. High Swim Team and a Summer Swim program. These programs help rural kids, special needs, and low income families.

The Summer Swim Team uses the pool for our program and in turn they donate monies back into the facility. In the past they have purchased a new timing system, helped purchase a new starting system along with new modulars for the touch pads, and last year they purchased 5 new lane lines along with the reel to store them.

The project that our freshman swimmers have started, entails the purchase and installation of 6 new starting blocks with grab rails and foot chocks, along with a wireless stopwatch system. The current blocks have age to them and the swimmers would like to have more modern blocks and equipment.

The equipment and installation estimates are:

<i>6 Starting Blocks</i>	<i>\$ 24,000.00</i>
<i>1 Computer and 12 wireless watches</i>	<i>\$ 6,200.00</i>
<i>Estimated Installation</i>	<i><u>\$ 1,000.00</u></i>
<i>Total Estimated Cost</i>	<i>\$ 31,000.00</i>

The project will be funded by grants, Summer Swim Club, Clinton Central School Corporation and hopefully sponsors like yourself. In donating you could receive one of the following levels for sponsoring our Facelift.

Level 1 \$1000.00 - \$1,999.99 you would have your company on a banner displayed in the pool area.

Level 2 \$2000.00 - 2,999.99 you would have a banner and ½ of a block with your company name on it.

Level 3 \$3000.00 - \$4,000.00 you would have a full lane and banner with your company name on it.

Our timeline for the fundraising for this project is October 2017 thru December 2017, with the new equipment being installed in the Spring of 2018.

We hope that we can count on your help to make this project a success. Enclosed you will find a self addressed stamped envelope for our project.

Thank you in advance for your consideration and time for our project.

Sincerely,

Wyndi Hall, Assistant Varsity Coach, Jr. High Head Coach and Summer Swim Head Coach
